Frontier Digital Ventures Limited ("Frontier", ASX: FDV) is pleased to announce that it will exercise its option to subscribe for new shares in the leading online real estate portal in Sri Lanka, LankaPropertyWeb (www.lankapropertyweb.com). Under the terms of Frontier's initial investment in August 2015, Frontier exercised a valuable call option to increase its interest by 10.5% for US\$200,000. The payment will be made by Frontier this month.

The option is being exercised as a result of LankaPropertyWeb's superior operational execution in 2016 which has established LankaPropertyWeb as the clear market leader ahead of Lamudi and ikman.lk.

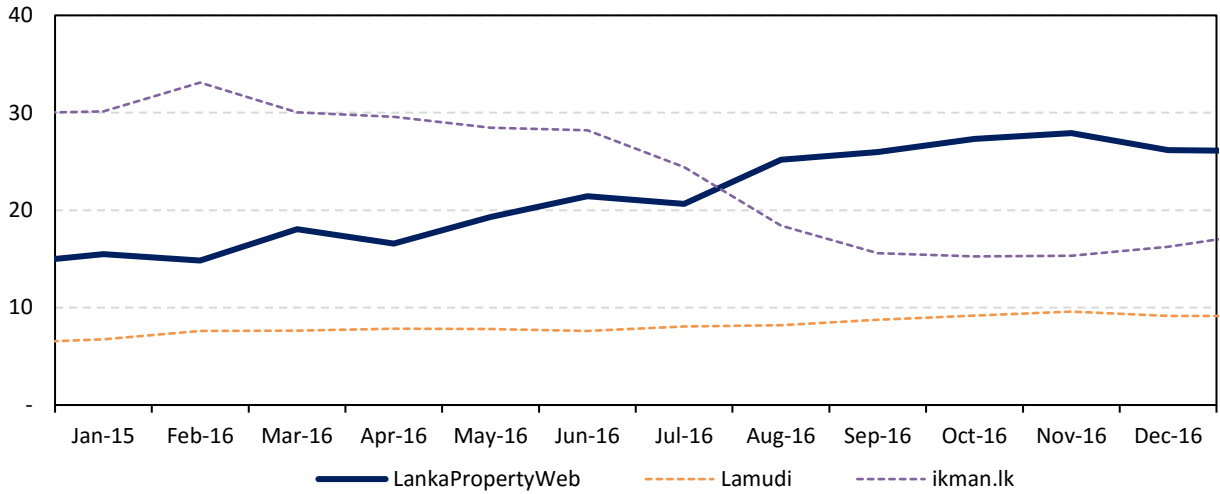

Frontier's CEO and Founder, Shaun Di Gregorio said: "LankaPropertyWeb has continued to perform strongly for Frontier following our initial investment in August 2015 and implementation of our best practice online classifieds business model. Importantly, LankaPropertyWeb has successfully reached the #1 position in the country while investing heavily into its online classifieds v2.0 model. The investment also highlights the value of the call options we hold in several of our portfolio companies."
