Frontier Digital Ventures Limited ("FDV") is pleased to announce that it has increased its stake in iMyanmarhouse, the leading property classifieds platform in Myanmar, from 42.6% to 52.6%. FDV has also increased its stake in LankaPropertyWeb, the leading online real estate portal in Sri Lanka, from 47.8% to 53.0%.

FDV's Founder and CEO, Shaun Di Gregorio said:

"These investments are consistent with FDV's stated long-term strategy of creating a portfolio of profitable online classified businesses. As disclosed on 31 January 2020, four companies recorded positive EBITDA in FY19, being Zameen, Infocasas, iMyanmarhouse and AutoDeal.

Online classified businesses typically experience a significant equity value inflection point around the period of achieving profitability, and generally become harder and more expensive to buy at that time, so we are delighted to be increasing our shareholding in iMyanmarhouse following the recent increases announced in relation to Infocasas and AutoDeal.

Similarly, LankaPropertyWeb's ascension to become the leader in the Sri Lankan property classifieds market provides a strong foundation for growth on the path to profitability."

These investments highlight a commitment from FDV to actively manage its portfolio in the best interests of shareholders, and follows the recent sale of FDV's full 20% shareholding in Propzy, the first material monetization event in FDV's history.
