“2019 was a pivotal year for FDV and we finished the year with two significant announcements in mid-December in relation to an increase in our ownership of Infocasas and AutoDeal to 51% and 56% respectively. These transactions demonstrate an ongoing desire to increase our ownership of the better performing companies in our portfolio. FDV is well positioned with significant funding flexibility and a portfolio which continues to perform strongly. Pleasingly, we are experiencing increasing levels of interest from investors as portfolio-wide profitability approaches in 2020.”

PORTFOLIO PROGRESSION

FDV has grown significantly since its IPO in August 2016, with total annual growth in portfolio revenue of 4.8x since IPO (100% basis) and 6.2x (FDV economic share).

Figure 2 highlights the strong +66% revenue growth rate achieved in FY19 on an FDV economic share basis, up from the corresponding revenue growth rate of +65% achieved in FY18. Propzy experienced particularly strong revenue growth in FY19, with a +417% increase over FY18 to A\$6.7m (100% basis).

Figure 3 highlights the strong progress toward profitability as the EBITDA loss has contracted to 9% of revenue in FY19.

Pleasingly, Encuentra24 and Moteur contributed to this result, with both companies recording positive EBITDA in 4Q 2019. The introduction of new management at Encuentra24 and a greater focus on key verticals has resulted in a notable improvement in business performance.

FDV is approaching portfolio-wide profitability in 2020, consistent with previous ASX disclosures dating as far back as FDV’s FY17 results conference call.

OPERATIONAL HIGHLIGHTS

FDV is pleased to provide an update on the 4 companies which recorded positive EBITDA in FY19, being Zameen, Infocasas, iMyanmar and AutoDeal.

UPDATE ON ZAMEEN

Zameen, the leading property portal based in Pakistan, continues to achieve strong growth, with revenue in 4Q 2019 up +86% on pcp to A\$11.8m (100% basis). This strong revenue growth coupled with the recording of positive EBITDA in FY19 highlights the quality of the company's management and dominant market position. Zameen is now seen as the trusted intermediary for both buyers and sellers when transacting properties in Pakistan.

UPDATE ON INFOCASAS

Infocasas has exceeded expectations since FDV's original investment in September 2017. Infocasas has cemented itself as the #1 property portal in Uruguay, Paraguay and Bolivia, while entering the Peruvian market in mid-2019. Recording positive EBITDA in FY19 highlights that Infocasas is delivering rapid revenue growth while at the same time being prudent with expenditure in relation to its continued expansion.

The company's recent success is underpinned by the hard work and talent of local management working in conjunction with FDV's strategic guidance. While some seasonality in new property project launches impacted revenue growth in 4Q 2019, Infocasas delivered a +114% increase in FY19 revenue over FY18 to A\$6.0m (100% basis).

Subsequently, on 13 December 2019, FDV exercised its option to increase its ownership of Infocasas from 31.9% to 51.0% on a fully diluted basis for cash consideration of A\$5.2m.

UPDATE ON IMYANMAR

iMyanmar, the leading property classifieds platform in Myanmar, recorded a +39% increase in FY19 revenue to A\$1.9m (100% basis), while recording positive EBITDA over the year. Revenue growth in 2H FY19 was mildly slower than expected due to the delayed launch of several new property projects.

Myanmar continues to be a rapidly growing market and the company is well positioned to capitalize on its leading market position to expand its property transaction revenue streams; a key driver of its overall revenue growth. The country is experiencing rapid GDP growth and mobile penetration is now exceeding 90% of the population. These factors continue to underpin the success of iMyanmar.

UPDATE ON AUTODEAL

AutoDeal, the leading operator of online car classified portals in the Philippines, achieved strong revenue growth in FY19 of +73% over FY18 to A\$1.8m. It is one of the four FDV businesses to record positive EBITDA in FY19.

AutoDeal's business has been designed to focus on new car sales, a strategic decision where the competitive landscape is less prone to disruption from lower value marketplace platforms. The outlook for AutoDeal in FY20 looks promising, with a number of new products expected to gain traction and facilitate the purchase of new cars.

FDV was pleased to increase its ownership of AutoDeal from 36.8% to 55.8% per the ASX announcement on 18 December 2019.
